

SAKTHI FOUNDATION - Uni5 EDUCATION

PERFECT WOMAN - 6, Mahakavi Subramanya Bharathiyar's article [Translated Uni5 version]

This article has been written especially to make Tamil women aware about their rights and freedom. This article will sure help the modern women and men to reconstruct the lost happiness in their lives.

Mahakavi writes,

"It is very important for our women to be first respected by people living in other nations. They say, "India is a land of uncivilized fools with ignorance". First we must change this attitude about us. Very few foreigners have studied our Ramayanam, Bharatham, Pancha thantram, Vedas and Upanishads. They knew about our life pattern. One among 1000 only knows about us.

Today Swamy Vivekananda, Tagore and Jagadees Chandra Bose have changed the attitude of the western people about us. This has to be continued.

Foolish modern education system

Modern English education has totally changed the attitude of west and many Indian youth. They think that we are barbarous and fool following blind rituals. Many articles about us got published in Western nations are making them to think wrong about us. This has to be stopped!

Blind belief of Indians

Indians believe what west say is the truth. [This attitude is still there and it is more in the name of science and technology] We must be aware about the national education for all which must convey the truth about India first to Indians. Even Vivekananda was recognized by the westerners. Later we have accepted his mission. I wish this has to be focused by our women. If our women study well and go to abroad we can also change this attitude.[Modern women has to think about this point]

Mrs.Sarojini Naidu and many other role models from India

In this context I wish Mrs.Sarojini Naidu who has taken great measures in the west to change the image of our nation. She represents the whole Indian women community. She belongs to a Bengali Bhramin family. She has married to an Andra Naidu man. Her Excellency in English has made English men to admire her. Her creative thoughts, poems are very positive. Her work is being published in

England. She travels a lot and talk for our country.

Srimathy Mathikaamini, Srimathy Mana KumariDevi, Srimathy Ananga Mohini Devi are the other 3 poetess from Bengal being admired by the English people. Their work has been translated in English and getting published in USA also.

Janaap Baije Rahmin from Pune is a very good artist. He has visited New York and exhibited her sculptures. He was asked to give a guest lecturing about Ajentha Caves in Colambia University. His wife also accompanied him. She is very good in Hindhusthani music and written a book called "Music from India". She also gave many lectures about Indian music in USA.

Dear sisters of Tamil Nadu!

I wish our Tamil women also must do all these. For that we need to be educated. [But again this has to be analyzed by modern women] We must study all subjects with awareness which will be helping us to understand and reason out all actions in our life. This education must make you to follow our good traditions and culture. **Poetess Owaiyaar - ஓளவையார்** has taken birth in this Tamil Nadu. We need to be proud about it and get inspired about her. You all have power within you as your talents. When your awareness is being initiated you can open the doors of freedom. At least few of you must visit abroad and gain more knowledge. Goddess of freedom is standing before you with hug you! There is a good time for you! You will be successful in life!"
