Uni5 RAMAYANAM - 25. Kausalya blessing Rama before leaving to forest.

"Dear son! I am unable to stop your action. Now you can leave to forest. Come after 14 years. Please follow the truth way observed by our ancestors.

The dharma observed by you and service rendered to us forever will be your best protection.

The deities and saints worshipped by you till now will be your best protection.

The manthras and weapons given by Saint Viswamithra will protect you in all directions.

Let all the places for worship, water sources, various land forms give you the protection.

Let all the devathaas [energy forms] take care of you.

Let the time cycle give you the protection.

Be involved in devotion to god. Have association with good thoughts. Have trust in dharma. Great gods like Sabramanya, Bruhaspathy and Soma will save you."

By saying these she offered dedicated prayers and auspicious rituals to various Gods to care her son in the jungle.

Jai Kousalya Ram!
