A PERFECT WOMAN - 2, Mahakavi Subramanya Bharathiyar's article [translated version]

"Liberation of women is an immediate need in Tamil Nadu. I hope **Srimathy Mangalambikai** will be successful in her mission. She is Jude Sadashiva Iyer's wife involved in women liberation with **Anne Besant**. We have to thank these 2 noble women.

All women have senses, intelligence, mind and spirit like men. They are machines. They are not plants and trees. They may differ in their anatomy but their soul- atman is as same as men.

2 great crimes

So let us not treat them like bulls pulling grinding machines to extract oil and also let us not misuse like our pillows only for sex. Both are crimes.

Divine couples

Women can marry as they wish. They are not physically slaves to their husbands. Men must treat them as their better half. Women are the real support for family life. We must live like ShivaSakthi and LaxmiNarayana. There is no legend saying that celestial husbands ill-treated their wives. Shiva has never beat Parvathy. Vishnu has never controlled Laxmi. Shiva gave his portion of his body and Vishnu is adorned with his wife in his right chest. Bhrama is being decked with Vani in his tongue. The primordial truth has manifested as man and woman. So both men and women are equal.

The only reason for all our problems is making women as slaves and ill-treating them. This is the reason for the ignorance of this nation and **Kali yuga**. This cannot be accepted anywhere in the world. Today few of our men and women became aware about this issue and working to solve this. I am personally very happy about it!

Message to women...

Dear sisters!

Let us not tolerate the ill treatment and any type of abuse from men. We must not be scared about any social issues. We must try to solve them. Do not get scared about death. We are here to die at any time. Body is not permanent. It has to be dissolved with cosmos one day. So start your internal fight against your own issues. This is the "**dharma yudham**". Sakthi will support you!

Who is a pathyvirathai?

Many ancient blind beliefs are becoming false today. Let us not hide the truth for any sake. Journals are the powerful tools to convey the truth with ethics to the society.

Everyone wants women to be very honest in her association with her partner. But it is a fact that all women also expect the same from their men. It is possible or not? Men must also allow other women to be a pathyvirathai like their own wife.

Men and women must be honest to each other. Pathyvirathai are great and bold. They are the eternal power of all men. They are Sakthi! **Savithri** has saved her husband from death because of her awareness. But it is horrible to see harsh punishments given to women who have lost their values in life. Public ill treatment to women has to be stopped!

When men cannot be honest we cannot expect women to be like that. For example let us take there are 40,000 men and 40,000 women in a town. When all these men are not being honest, it reflects that the same numbers of women are also dishonest. How women can live with safety? There is no question of prostitution in that society!

We cannot make any one to shower love upon us by conditions. That is ignorant. That is foolishness!

We like parrots but not toads. But toads are not taking revenge upon us. British are ruling our nation and asking us to respect them. Even we are imprisoned for not respecting them. Like the England our men are treating their wives. Love must be unconditional! For this men must love them with true devotion. Love cannot be obtained through strict conditions. If one cannot accept this he is the fool. He can be any one including a spiritual Guru. Fear cannot create healthy true love!"

OM SAKTHI!
