**Parents - Staff Meeting**

**Date: 3.8.2012**

**Minutes of the meeting: Focusing topic: Transport**

**Meeting was conducted by: Dr.M.Madeswaran and staff members**

As the parents are not paying the transport fees properly we have studied their attitude thoroughly and taken few measures to make them to understand the social responsibility. Out of 32 children, 22 use auto and out of them only 9 pay the fees regularly. Only those parents attended the meeting with few others.

1. Parents said if we stop the auto they cannot send the children just because of their working pattern and timings in the day time.
2. They were told about the fees structure and other expenses of the school.
3. They themselves brought the point of free transport and asked the school to condemn the irresponsible parents.
4. We explained the difference between a commercial school and trust school where we work for the child's growth.
5. We also made the parents to realize the need to pay the fees and how a child will be affected if we condemn him from coming to the school because of fees.
6. Parents were appreciating the real efforts and truth behind our work.
7. They have promised that they will talk to the people who never pay the fees.
8. Finally parents themselves said that we have to stop the auto facility to the parents who does not pay the fees within 5 days and they have to bring and take back their children on their own.
9. Fe parents expressed that the fees structure can also be raised because they can feel the depth of the system and development of their children.
10. On Monday a fresh letter will be sent to the parents regarding this meeting.
