

**NAMMA VEEDU INFANCY DAY CARE  
CENTER**  
[Montessori integrated Uni5 system of early  
child education]  
Theethipalayam - Coimbatore

**FEED BACK OF STAFF MEMBERS ABOUT  
SENDURAI TEACHERS' TRAINING  
SESSIONS**

**Date of training given: July 16th - 20th**

**Teachers who gave training: Mrs.Kalaivani  
David and Miss.Mallika**

**Minutes of the meeting conducted on July  
27th by Dr.Madeswaran.M**

1. Sendurai teachers were excited to give away their 2nd training after having a week session in Poraiyar School.
2. We thank Mr.Ravikumar, Miss.Vijayalaxmi and Mrs.Sumathy Sivakumar for arranging a good acomodation and food with safty for the staff.
3. On 16th Sendurai teachers thoroughly observed the Coimbatore center.
4. From 17th they started teaching and performing all their regular work as if in Sendurai. Local staffs were asked to be part of the work and also to do observation.
5. Segregation of EPL and Sensorial materials, arrangement of materials, presentation of language materials, various concepts like day-night, root functioning were presented.
6. Nature walk was done and shown how it has to be done.
7. Few materials like craft items, clay, knitting items were purchased and introduced.
8. More work was planned for little hands like chopping the vegetables, clay pit, paper folding etc.
9. Sendurai staff showed how to make use of waste objects to make good looking creative craft items.
10. Sendurai staff also taught much more about child psychology, concept of grounding, when to talk and not to talk, importance of conversation skills, real objects, role play with more language skills, songs with gestures.
11. Center of comparing, uniting the topics with the self which is the most valuable part of our system has been shown to the children and staff.
12. Sense of orderliness, when to interfere with a child, how to make a child to focus in his work were various important concepts of Montessori education presented to the staff.
13. Coimbatore staff members were able to grasp them and started implementing them. They said

that they were very clear about the differences and where and what has to be implemented.

14."EPL activities are very important to get a child's focus" says Dr.Montessori. This has become very true in our Coimbatore school after training. We saw a child who never chooses his work has now started performing more EPL exercises. Dr.Montessori herself used to perform many EPL exercises in her training schools.

15. Nature walks have made the staff to realize the need to walk a long, need to go out and also how natural learning will happen at that session.

Sendurai teachers said that they need more time for more training. It is understood. After few months we will make Sendurai teachers to come back and observe Coimbatore school. But before that our Coimbatore staff must have a day observation in Sendurai.

We thank Sakthi Foundation for supporting this session.

Dr.Madeswaran.M
