NAMMA VEEDU INFANCY CENTER
Montessori integrated Uni5 system
Theethipalayam, Coimbatore – 641010

Dear Madam,

We are happy in thanking you for taking the great responsibility of assisting very young children. You are the very first child assistant of the center. We have observed your love and care in settling the children. You are polite and calm towards them. We feel very happy to know that you consider all the children as your own children at home. This has made them to get more attached to you. You are also sharing the duty of our helpers whenever there is a need. Presentations are good. We need you to study much about Uni5 system and implement along with your presentations.

Thanking you!

Yours faithfully
