

NAMMA VEEDU INFANCY DAY CARE CENTER
[Montessori integrated Uni5 system]
Theethipalayam - Coimbatore

EVENTS OF JANUARY 2013

1. We are very happy to celebrated Christmas and new year with traditions and entering into 2013.
2. The year started with normal plans. Children came back to school, started working well as usual.
3. We are happy to invite baby Lakshanya [1.2 years old] our younger most child of the school.
4. She is making us to focus and train ourself in infancy teaching techniques.
5. She will set a good sample for the infancy studies through this center.
6. **On 10.1.2013** we celebrated our very first Pongal festival with the calm tradition mood. Ms.Jeyanthi, Sathish's mother, Ms.Kalamani, our neighbour conducted the festival. Children were totally observing the happenings. They were calm and very keen in noting down the rituals and customs. Pongal bubbled and flowed towards north direction which brings more gain. Mr.Ravikumar and Mr.Sathish also attended the festival and Ravi has donated Rs.30000 as 6 months building rent.
7. **SECOND REPORT GIVING DAY - 12. 1. 2013**
reports for second term were given. We had discussion with every parent individually. They were asked to review the term, child's growth and changes. Most of the parents attended and collected the reports. At present 10 children are leaving for LKG grade by June 2013. So we need to admit 10

children.

We are happy in this occasion to share the following feedback points given by parents. These points reflect the efforts of teachers, helpers and coordinators.

- 1. Children are cultivating natural inner order.*
- 2. They wish to assist the adults at home with many activities.*
- 3. Children are becoming much aware and responsible.*
- 4. Language is evolving in good way.*
- 5. Natural way of self-exploration and learning can be seen among the children.*
- 6. Children are independent in their actions and expressions.*

We also thank **Miss.Viji** for taking the greatest responsibility in conducting the school. She is getting married. She will come back to serve us after some time. Parents and staff members spoke about her dedicated work.

Dr.Madeswaran and Mrs.Sumathy planned the Uni5 learning concepts for infants. That syllabus has been discussed and given to staff members. After Pongal leave they have to start implementing the syllabus.

We also gave away the observation report to both of our staff members and gave the suggestions about the aspects which they have to change soon.

With this we closed the center for Pongal festival for 10 days. Let the harvest festival make us to harvest the unique Uni5 learning feedback by end of this third term.
