### Observation report by Ms.Mathangi's visit from Madras - June 28th.

Ms.Mathangi is a Montessori language staff in Chennai. Her daughter studies in Abacus Montessori School in Chennai. She visited our center along with Mr.Viswanathan, Mr.Natarajan . They are conducting a Vedic learning school in Melmangalam in Theni Dt - Tamilnadu.

They observed for half a day and studied the behavior patterns of early child hood.

They are much wondered about the level of focusing and concentration energy.

They have requested for elementary level Uni5 education through Dr.Pradheep soon for their Vedic students.

Mr.Viswanathan says, "***the concepts given in primary level Uni5 syllabus does not contradict to what our Vedas convey***"

**Mathangi says, "*I can see a natural feeling for learning in this center. The center is able to relate the child with every aspect of human life. It is different. What I had it in my mind I can visualize in Namma Veedu*"**
