### **BLACK THURSDAY: [9.9.2010]**

It is very sad to say that we have asked 2 students to leave the school along with the mother who is our helper because of the father's unacceptable behavior. The school has already warned the father 3 times and excused him considering the children. But this time as the situation is very bad we have taken this decision. We all felt very bad to take this worst action.

### **WORST MEETING: [21.9.2010]**

The concerned parents were called for a meeting and strongly warned and a letter has been made to sign by the father such that he will be handed over to the law if he disturbs us anymore. Children were readmitted. It is very pathetic to see the children who have been sacred by their father's behavior. Before taking this decision the school has discussed with concerned foundation members, staff members and their family.
