

**Feedback from the parents on third term report distribution  
Date 10-04-2013.**

**The report has been given to 19 students those who are leaving to other schools for higher grades after one year at Uni5 Coimbatore School.**

- The language development is very nice.
- Quick in grasping information than their older siblings at home.
- More organized - Keeping things in proper place.
- They all respect the elders. One infant (age 3) corrected her neighbor girl friend who is studying fifth grade (10 years) not to use disrespectful words like “Poadi” but use respectful words to elders.
- They are independent in all activities at home.
- They show us at home how to explain concepts like teachers in school.
- Telling all the friends name at home.
- They started paying attention to books at home.
- Washing hands before eating.
- The toilet habits have been improved.
- They tell prayers and rhymes.
- Eating habits has improved.
- Using more English words at home.
- Identifying most of the vegetable names at home.
- Comparing and connecting the colors with dress colors.
- Talking about sun and moon.
- Asking many questions while travelling, about objects they see. · Eg: what tree, what fruit, etc.
- Connecting to objects and alphabets . example, looking at the round shape of a bangle and connecting to the alphabet “O”.
- The children love the school so much that they miss school on holidays because they insists to go to school even on the leave days.

- **Prepared by Mrs. Sumathy Kumar.**
